WILDFIRE REGULATION COMPLIANCE – MANDATORY ELEMENTS:

PART 1 – 499 Square Feet or less

Complete this section for additions to dwelling units that are 499 square feet or less. If the addition is greater than 499 square feet, please skip Part 1 & start with Part 2:

- 1) If your addition is 499 square feet or less, compliance to the wildfire mitigation regulations is not required. The County would, however, encourage you to educate yourself on the dangers associated with building in an area that is prone to wildfire danger & also consider contacting the West Region Wildfire Council for suggestions pertaining to your specific project.

PART 2 – 500 to 999 Square Feet

Complete this section for additions to dwelling units that are between 500 and 999 square feet. If the addition is greater than 999 square feet, please skip Parts 1 & 2, and go to Part 3.

- 1) If your addition is between 500 and 999 square feet, the addition portion of the structure must comply with Section A of the “Wildfire Mitigation Building Permit Addendum Worksheet” (except for Section A7 pertaining to access).

You must respond to each of the following questions by circling “YES”, “NO”, or “N/A”:

(Please note that these questions pertain to only to the addition portion of the home)

A1.0 - Is your roof covering a Class A material, in accordance with UL 790 (ASTM E108)	YES	NO
---	------------	-----------

	(Pass)	(Fail)
A1.0 - Are all roof covering materials (including underlayment) clearly labeled on all plan sets?	YES (Pass)	NO (Fail)
A2.1 - Is your proposed siding ignition resistant? (ignition resistant materials include, but are not limited to, 6” diameter log construction, fiber cement board, 3-stage stucco, masonry, brick, manufactured stone, etc).	YES (Pass) NO (if answer is “no” you must pass the following two questions)	
A2.2 - (Respond only if proposed siding <u>IS</u> combustible) – Do your construction drawings include detailed plans showing 6 inches (or more) of non-combustible material (such as flashing, skirting, concrete foundation, etc.) at the base of exterior walls and decks, rooflines (e.g. dormers, complex roof features, etc.), and other structural projections? * Note: This is REQUIRED if you are proposing combustible siding!	YES (Pass)	NO (Fail)
A2.2 - (Respond only if proposed siding <u>IS</u> combustible) – You will obtain a Defensible Space Plan from either the Colorado State Forest Service or the West Region Wildfire Council and will complete all work described in the plan for a minimum of 100’ surrounding the entire dwelling unit PRIOR to final inspection and issuance of the Certificate of Completion. * Note: This is REQUIRED if you are proposing combustible siding! ** Note: You can’t obtain a defensible space plan from WRWC before you submit your building permit, so <u>PLEASE DON’T CALL WRWC prior to submitting your building permit application.</u> County Staff will review the permit application and then notify you when it is appropriate to contact WRWC. *** Note: If you will need a defensible space plan, you will be required to sign an “Affidavit of Compliance with Ouray County Wildfire Mitigation Requirements” & also submit a refundable* deposit in the amount of 1% of the construction valuation. <i>*If defensible space plan and mitigation work has been completed within one year from the issuance of Certificate of Occupancy, your deposit will be refunded.</i>	YES (Pass)	NO (Fail)
A2.1 & A2.2 - Are all siding materials clearly labeled on all plan sets?	YES (Pass)	NO (Fail)
A3.1 - Are all vents (including but not limited to attic, soffit, and gable vents) covered with 1/8” screening?	YES (Pass)	NO (Fail)
A3.1 - Are all plan sets noted that 1/8” screening is required on the vents?	YES (Pass)	NO (Fail)
A4.1 - If utilizing any wood burning appliances, are you going to install an approved spark arrestor?	YES (Pass) N/A (No wood burning)	NO (Fail)
A5.1 - Does your site-plan include the required 5-foot “hardened zone” that is void of all combustible fuels including grasses, vegetation, landscape mulch, combustible building materials, etc.?	YES (Pass)	NO (Fail)

<p>A6.1 - Ignition Resistant Doors: Exterior doors are ignition resistant or solid core not less than 1 3/4-inches thick, or constructed with aluminum or fiberglass cladding. Windows within doors, and glazed doors, are tempered safety glass or multi-layered glazed panels. County Staff or Rating Assessor will determine, using best professional judgement, the degree to which a proposed material and proposed assembly is justifiably considered <i>ignition resistant</i> to meet this standard.</p>	<p>YES (Pass)</p>	<p>NO (Fail)</p>
<p>A8.1 - Will your address sign be clearly visible and meet all Ouray County standards in resolution 2017-048 (generally, includes reflective 3” white letters on a reflective green background)?</p>	<p>YES (Pass)</p>	<p>NO (Fail)</p>
<p>A9.1 - If a gutter system is proposed, will it be constructed of ignition-resistant material <i>and</i> installed such that the leading edge of the roof is finished with a metal drip edge so that no wood sheathing is exposed.?</p>	<p>YES (Pass)</p>	<p>NO (Fail) N/A (No gutter system)</p>

Continued on next page

PART 3 – 1,000 Square Feet or greater, AND equal to or greater than 50% in size of the existing structure:

Complete this section if your dwelling unit expansion is 1,000 square feet or greater AND results in an expansion that would increase the size of the home by 50% or greater. If your addition is greater than 1,000 square feet, but does not increase the size of the home by greater than 50%, please complete Section 2 of this form.

- 1) If your dwelling unit expansion is 1,000 square feet or greater AND results in an expansion that would increase the size of the home by 50% or greater, the entire structure must comply with the required elements of the “Wildfire Mitigation Building Permit Addendum Worksheet” (except for Section A7 pertaining to access).

You must respond to each of the following questions by circling “YES”, “NO”, or “N/A”:

(Please note that these questions pertain to the entire dwelling unit – not just the addition)

<p>A1.0 - Is your roof covering a Class A material, in accordance with UL 790 (ASTM E108)</p>	<p>YES NO (Pass) (Fail)</p>
<p>A1.0 - Are all roof covering materials (including underlayment) clearly labeled on all plan sets?</p>	<p>YES NO (Pass) (Fail)</p>
<p>A2.1 - Is your proposed siding ignition resistant? (Ignition Resistant materials include, but are not limited to, 6”diameter log construction, fiber cement board, 3-stage stucco, masonry, brick, manufactured stone, etc).</p>	<p>YES (Pass) NO (If answer is “no” you must pass the following two questions)</p>
<p>A2.2 - (Respond only if proposed siding <u>IS</u> combustible) – You will obtain a Defensible Space Plan from either the Colorado State Forest Service or the West Region Wildfire Council <u>and</u> will complete all work described in the plan for a minimum of 100’ surrounding the entire dwelling unit <u>PRIOR</u> to final inspection and issuance of the Certificate of Completion.</p> <p>* Note: This is <u>REQUIRED</u> if you are proposing combustible siding!</p> <p>** Note: You can’t obtain a defensible space plan from WRWC before you submit your building permit, so <u>PLEASE DON’T CALL WRWC prior to submitting your building permit application</u>. County Staff will review the permit application first and then notify you when it is appropriate to contact WRWC.</p> <p>*** Note: If you will need a defensible space plan, you will be required to sign an “Affidavit of Compliance with Ouray County Wildfire Mitigation Requirements” & also submit a refundable* deposit in the amount of 1% of the construction valuation. <i>*If defensible space plan and mitigation work has been completed within one year from the issuance of Certificate of Occupancy, your deposit will be refunded.</i></p>	<p>YES NO (Pass) (Fail)</p>
<p>A2.1 & A2.2 Are all siding materials clearly labeled on all plan sets?</p>	<p>YES NO (Pass) (Fail)</p>
<p>A3.1 - Are all vents (including but not limited to attic, soffit, and gable vents) covered with 1/8” screening?</p>	<p>YES NO (Pass) (Fail)</p>
